

LESSON PLAN

Version 1.0

Date:	Class:	Unit:
--------------	---------------	--------------

LESSON TOPIC:	Types of Stocks
AIM:	Understand what is bought/sold on the stock exchange.
OBJECTIVES:	<p>Students will be able to define:</p> <ul style="list-style-type: none"> - Stock sector - Index Fund - ETF - Bond - Diversified Portfolio
MINI-LESSON:	<p>Teacher will introduce concepts using website: http://etfdb.com/etf-education/the-10-sectors-of-the-stock-market</p> <p>Using definitions found on website: www.8thkidgames.com will students will generate flashcards for the terms above; teacher will review terms prior to start of game play.</p>
MAIN ACTIVITY:	<ol style="list-style-type: none"> 1) More review of game board. <ol style="list-style-type: none"> a. Point out sectors are color coded. b. Point out ETF, Index, bonds, and stocks c. Point out the difference exchanges (NASD, NYSE, CME) 2) Divide class into teams to represent players in game - 4 players/game max for classroom. (ideally 1-3 students per team) 3) Play game in family mode, read cards aloud. Discuss the cause and effect of stock going up/down. Don't worry if they don't have time to retire and finish the game today. <p>*Recommendations - (1) Teacher should review game rules and components prior to class. (2) Teacher can set up game to jump into middle of game and speed up initial learning curve. IE give each player (group) 3 stocks, \$120K in cash, place coins on ½ the stock locations.</p>
CLOSING:	<ul style="list-style-type: none"> - Recap vocabulary words - Restate one or two things learned during the game
ASSESSMENT:	Students divide into teams - Each team creates a diversified portfolio of 5 assets that are on the real US stock exchange using the terms above.
MODIFICATIONS:	To be determined as needed by teacher.
MATERIALS:	\$tock Exchange Game, Stock Market section of the business newspaper
TECHNOLOGY:	Internet access (optional)
